**Thailand LAB INTERNATIONAL 2020 postponed to October 2020**

**VNU Asia Pacific has, together with the vast majority of exhibitors, decided to postpone Thailand LAB INTERNATIONAL 2020 to October 28-30, 2020.** This decision has been taken mainly because of estimated travel restrictions caused by the Coronavirus (COVID-19) outbreak for the September dates.

This decision has been taken after careful consideration and in the interest of exhibitors and visitors and, above all, to protect the health of all stakeholders and attendees and guarantee a smooth and high-quality exhibition.

VNU as organizer assessed the situation and reassures the safety of our exhibitors and visitors, as well as, is committed to improve the quality of the exhibition under the COVID-circumstances. The majority of exhibitors and partners agreed with the organizer on the postponement of the event as being the best solution and have therefore confirmed their participation for end October 2020, trusting that the situation will improve significantly during the next few months.

**Thailand LAB INTERNATIONAL 2020 is re-scheduled to October 28-30, 2020.** Our key theme remains the same, which is to celebrate Thailand Lab's *10<sup>th</sup> Anniversary* and continue being the *Collaborative Innovation Platform for Laboratory and Life Sciences Industry in Asia Pacific*.
